4. Your EHRGo Activities will be labelled in the EHRGo system:

Activity: **EHR Orientation****ACTIVITY DESCRIPTION**

This activity is an introductory level exercise intended for all users of EHR Go. The activity will provide basic navigation skills, patient data review and opportunities to perform data entry in an electronic health records system. This activity is highly recommended to be completed by all new users of Go, as it also includes detailed assignment submission instructions that will be required in many future assignments.

This orientation activity is available to you with your EHR Go subscription. All other activities will be available to you as assigned by your instructor.
